8.2. Exposure Controls

Appropriate Engineering Controls

: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. For occupational/workplace settings: Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed.

Personal Protective Equipment

: For occupational/workplace settings and bulk quantities: Gloves. Protective clothing. Protective goggles. Personal protective equipment should be chosen in accordance with Regulation (EU) 2016/425, CEN standards, and in discussion with the supplier of the protective equipment.

Materials for Protective Clothing

: For occupational/workplace settings: Chemically resistant materials and fabrics.

Hand Protection

: For occupational/workplace settings: Wear protective gloves.

Eye Protection

: For occupational/workplace settings: Chemical safety goggles or safety glasses with side shields.

Skin and Body Protection

: For occupational/workplace settings: Wear suitable protective clothing.

Respiratory Protection
